Aggio Becomes 12th Mosaic Ambassador Company

St. Louis Mosaic Project is pleased to announce Aggio as the 12th Mosaic Ambassador Company. Aggio's background is rooted in the agriculture industry and application of technologies that drive decision making for the particular needs of the industry. With their cutting edge cloud based technology, Aggio is able to engage customers, and provide a view of the entire agriculture market with multiple data sources and dashboards for a better and faster decision making process.

As a Gold Level Mosaic Ambassador Company, Aggio promotes diversity and inclusion in the workplace. Aggio has a diverse staff with 57% of the company being foreign born. Aggio also sponsors at least one employee toward an H1-B visa or similar visa sponsorship and have committed to sponsoring international students full time. In addition, Aggio has also expressed interest in Mosaic's STEM International Student Career Fair with a booth to help welcome international students.

Aggio is committed to further explore ways to support the international community. Below are Aggio's action items and goals for future international focused growth in partnership with St. Louis Mosaic Project and the St. Louis region:

- Hiring international students and experienced global talent
- Sharing Mosaic flyers to spread awareness of St. Louis Mosaic Project Programs
- Encouraging associates to become part of Mosaics 750+ Ambassadors
- Sharing Mosaic material as part of onboarding process with newly arriving international employees

About St. Louis Mosaic Project

The St. Louis Mosaic Project was launched in 2012 in response to an economic impact report that showed St. Louis was lagging in immigrant growth and highlighted the potential economic benefits of increasing its foreign-born population. The Mosaic Project is a regional initiative that is professionally managed by St. Louis Economic Development Partnership, World Trade Center and a 27-member committee. Its goal is to transform St. Louis into the fastest growing major metropolitan area for immigration by 2020 and promote regional prosperity through immigration and innovation.
