

<b>Organization Name:**</b>	Chrona Sleep
<b>Company Description:**</b>	<p>Chrona Sleep is developing a mobile- and cloud-connected sleep optimization system that helps make six hours of sleep feel like eight.</p> <p>Chrona Sleep engages in the research, design, patenting, testing, and licensing of the Chrona system. Chrona is a comfortable pillow topper that turns any pillow into a Smartpillow.</p> <p>Chrona tracks sleep and improves sleep quality using research-driven acoustic entrainment techniques that are tailored to each user's sleep cycles. Chrona's proprietary wake-up protocol eases users into a light stage of sleep before waking them with a silent alarm, for a refreshing morning every morning.</p>

<b>End Date:**</b>	01/01/9999
<b>Semester Offered:**</b>	Spring, Summer, Fall, Post-Graduation
<b>Job Function/Industry:**</b>	Mobile application development
<b>Qualification Desired:**</b>	<ul style="list-style-type: none"> <li>+ Strong SWIFT and (and Java) programming ability</li> <li>+ Exposure to architectural patterns of a hardware-, software-, and web-integrated application</li> <li>+ Aptitude for engineering and product sense, with design and UX sensibilities</li> <li>+ Experience shipping one or more iOS app</li> <li>+ Experience with a sensor-integrated app or device that use BLE technology</li> <li>+ Ability to learn rapidly and get things done efficiently</li> <li>+ Looking to join a young ambitious team and play a major role in shaping its future</li> </ul>
<b>Job Description:**</b>	We are looking for a product-aware engineer who is thoughtful and passionate about designing an elegant user experience. If you're well-versed in iOS (and Android) development and like getting your hands dirty in backend code, we need your help in delivering a mobile application that completes the Chrona experience.

You will lead a remote team of experienced iOS and Android developers who will help execute your design and architecture. We'll collaborate to integrate the Chrona application with hardware and server modules.

We are looking for a growing developer to join as a future leader of the Chrona team. This position is a full-time opportunity with equity awards. It's on-site at our beautiful co-working center in Central West End, St. Louis, home to our community of sensible Midwestern do-gooders.
