

[Manager IT Audit](#)

Panera Bread is actively seeking a Manager of IT Audit to complement the company's internal audit function, which provides compliance, operational, financial and IT audit services.

[Coordinator, Quality Assurance](#)

Panera is actively seeking a Coordinator in our Quality Assurance department. This person will assist and support Quality Assurance departmental functions.

[Coordinator, Inside Sales Catering Representative](#)

Our Inside Sales Rep (ISR) position plays a critical role in our overall Catering Sales strategy and is responsible for the recovery portion of our customer's journey. ISRs are remote, working from home, and are part of an extended team of sales people covering similar markets. They are responsible for recovering at risk and lapsing clients in a specific geographic market and carry revenue, activity, and reactivation conversion objectives. This role is an entry-point to launching a career in sales with Panera Catering.

[Manager, Digital Media](#)

The Digital Media Lead will report to the VP, Media Strategy in the Marketing Department. The media team manages Panera's paid media efforts in conjunction with planning/buying agencies. The Digital Media Lead specializes in holistic and strategic digital media planning, optimization and analysis. Successful candidates must possess the ability to forge close working relationships with internal marketing teams and agency partners. Planning skills, written and verbal communication, relationship-building, accuracy, problem-solving, attention to detail and ability to handle complexity are all key position requirements critical for success in this role.

[Manager, QA Nutrition](#)

The primary responsibilities of the Quality Assurance Nutrition Manager include supporting all platforms that hold nutritional data, upholding Panera's Food Policy clean commitment and ensuring compliance with federal and local nutrition regulations, alongside the Nutrition Senior Managers.

[Field Systems Support Analyst](#)

We are not your stereotypical boring IT Help Desk team. To continue to sustain the culture that we are proud of, we are looking for folks who are cool with being the primary technical support resource for our cafes and for someone who can roll with the punches.

[Sr. Manager Commercialization](#)

To Support Phase One Commercialization by embedding with the concept team and seeking out individual leaders to understand where the menu is headed

[Sr. Manager Intl QA](#)

The Sr. Manager of International Quality Assurance is responsible for establishing and managing Food Safety and Quality Assurance programs for International markets, with initial focus on Mexico. This includes food safety programs, supplier quality management systems and regulatory program management. This individual provides technical assistance and guidance to supplier manufacturing plants and approves new suppliers in existing countries for primary supply, risk mitigation, cost reduction and quality improvement initiatives. This individual will establish, own and maintain the International product specification library, and harmonize all quality systems with existing domestic Panera Quality Systems to the extent possible.

[Engineering Intern](#)

The Engineering Intern will be responsible for development and implementation of a BOH storage capacity calculator (excel based).

[Computer Programming Intern](#)

The Computer Programming Intern will be responsible for design and develop of a computer programming system that automates schematics.

[MIS Consumer Systems Intern](#)

The Intern will be responsible for developing and delivering software for back-end and front-end e-commerce systems.

[Digital Experience - Project Management Intern](#)

The Intern will have an opportunity to assist on our Digital Experience team. They will help to drive the product strategy through analysis of customer feedback to identify trends and opportunities for new features/enhancements.

[IT - Project Management Intern](#)

The Intern will have an opportunity to assist on our IT team. They will assist with Project Management Administration.

[Cafe Support - Help Desk Intern](#)

The Intern will have an opportunity to assist on our Help Desk IT team. They will support our cafes with IT requests.

[Cafe Network Support Intern](#)

The Intern will have an opportunity to assist on our IT team. They will assist with performing root cause analysis on cafe network outages and review with WAN providers.
