

Job Description – Production Operator (2nd and 3rd Shift)

About The Company

Tight Line Composites is a specialty composites manufacturing company created to provide critical structural components manufactured via the pultrusion process. Our modern and efficient manufacturing process combined with strategic market relationships and best-in-class engineering resources has positioned Tight Line Composites as the supplier of choice for pultruded components.

Tight Line Composites is an Equal Opportunity, Affirmative Action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or status as an individual with a disability.

What We Are Looking For

Motivated, hard-working, and dedicated individuals to join our team as Production Operators in our production facility located in Hazelwood, MO for 2nd (3 pm to 11 pm) and 3rd (11 pm to 7 am) shift.

Responsibilities

- Follow and comply with all safety, work, and employment policies and procedures
- Set-up, start-up, and operate pultrusion machines
- Keep the pultrusion machines stocked with raw materials – carbon fiber tow, peel ply, and resin
- Monitor the flow of raw materials going into the product to assure continuous production
- Operate the control panels on the pultrusion machines
- Inspect quality during the product run – physical measurements and visual inspections
- Clean production tooling and equipment
- Package, label, and document information on finished products

Requirements

- Ability to follow and comply with all safety, work, and employment policies and procedures
- Ability to communicate effectively with supervisors and co-workers
- Must be able to wear all required personal protective gear
- Must be able to stand for extended periods of time; up to 8 hours
- Must be able to work overtime as required
- Must be able to lift 25+ pounds overhead
- Must be able to lift, turn, bend, reach, pull, and walk
- High School diploma or equivalent

Work Environment

- New production facility
- Long sleeves, pants, additional mandatory PPE when working with resin and solvents
- Handling of carbon fiber may cause moderate to severe itchiness
- Some occasional tasks may require the use of a respirator – in these instances, no facial hair will be allowed

Additional Information

- Compensation: starting rate for this role is **\$16.00 to \$17.00/hour** with the opportunity for performance-based increases
- Benefits: medical, vision, and dental insurance
- Work Schedule: Monday - Friday 8-hour shifts; 2nd shift is 3:00 PM – 11:00 PM, 3rd shift is 11:00 PM – 7:00 AM. All shifts include a 30 minute paid lunch.
